Special Summer Deal at T Hotel - Hong Kong's first trainee operated hotel

(July 2011) Hong Kong's first trainee-operated training hotel, the T Hotel, is offering a summer deal to hoteliers and hospitality industry peers a special introductory rate, effective 1 August 2011, from just **HK\$590 nett*** per room per night to enjoy the latest facilities at the Hospitality Industry Training and Development Centre (HITDC), located in Pokfulam, the back garden of Hong Kong.

Opened in March 2011, the T Hotel is the latest addition of HITDC which has 30 well-appointed guest rooms (including 3 corner suites), complemented by a Lounge with a balcony overlooking the southern shoreline of Hong Kong Island, a gymnasium with state-of-the-art equipment and a Business Centre. With design and set up referencing to a downtown business hotel, each guest room, at an average size of 35 square meters, is well-equipped with wi-fi, 42" flat-screen television, music station with i-pod dock, bathroom with both standing shower and bath-tub, fully-stock mini bar and tea/coffee making facilities. Free shuttle service, subject to schedule, is available every weekday morning to Central & Admiralty. All services, from reservations, check-in/out, concierge, housekeeping, laundry to in-room dining, are all operated by young and energetic trainees, under the guidance of experienced instructors. Being a guest at the T Hotel means agreeing to be a part of the training activities, as it provides real-life guests interaction opportunities to the trainees, which helps the centre in nurturing future hoteliers.

Other than enjoying a relaxing breakfast, an afternoon tea or an evening cocktail when the mood takes you at the Executive Lounge, guests can also enjoy sumptuous lunches prepared by our trainees at either the Western or Chinese training restaurant during their stay. Local attractions are plenty in the vicinity, including the neighbouring historic Bethanie Chapel, Cyberport, the start of the stunning Peak walking trail, Jumbo Seafood restaurant, Ocean Park and Stanley Market.
